Flexible Fixed Route

The Flexible Fixed Route combines
 the benefits of traditional fixed route
 service and demand response service.

Flex is really two types of bus service in one:
 The bus follows a defined route, picking
 up and dropping off passengers at
 designated stops. The bus will also "Flex"
 or deviate off its route. The driver will
 re-route to locations within ¾ of a mile
 of its usual route when a passenger has
 made a reservation in advance.

**Scheduling a ride
 on the "Flex" or deviation**

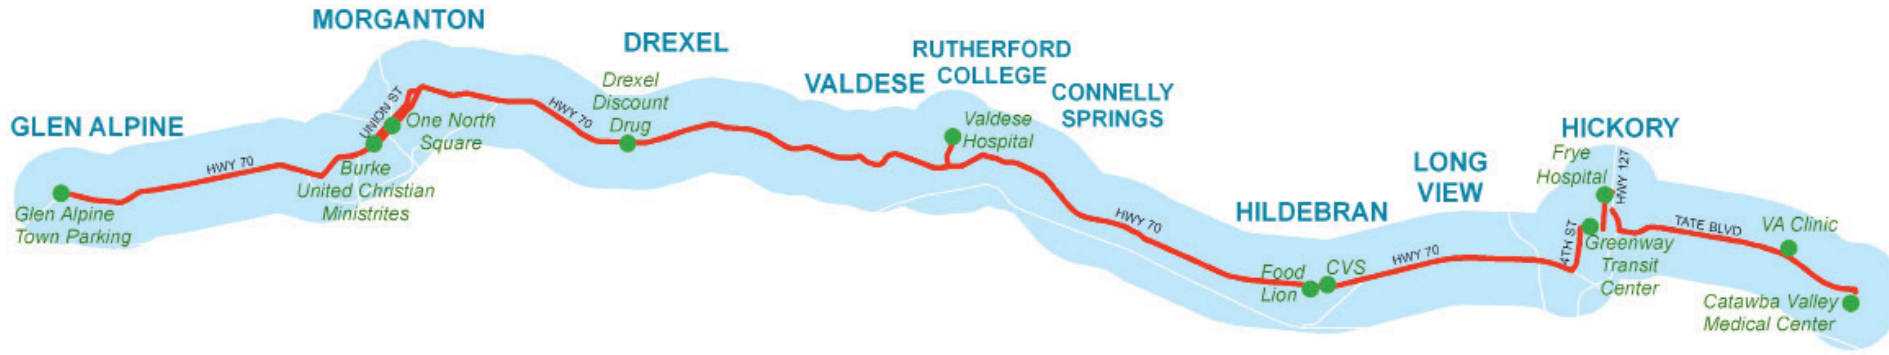

The Flex Route is a shared ride service.
 Requests for deviated service may be made
 Monday through Friday by 12:00 pm until
 the preceding business day that service
 is requested, however additional notice is
 recommended. Reservations may be made
 between the hours of 8:30 am and 5:00 pm
 by calling (828) 464-9444.

Deviated same day service requests are
 not available. The trip requests for both
 destination and return shall be scheduled at
 the time of the request. However, same day
 service is available at designated bus stops.

Beware of oncoming traffic when exiting the
 vehicle.

Hwy 70 Intercity Connector - Morganton / Hickory

Service operates on Monday through Friday except Holidays.

The green dot is a timepoint along the route. A timepoint is the time that the bus will arrive at that stop. There are many stops between the timepoints.

The blue shaded area is the 3/4 mile buffer. Anyone who is within the buffer can call by noon the business day before the trip and schedule the bus for a pick up or drop off. Call 828-464-9444 to schedule a trip.

Bus Stop: How to ride the Bus

- Use the map on the reverse side to find the bus stop closest to where you will board and exit the bus.
- The service is offered from 6:30 am - 4:45 pm Monday through Friday.
- Tell the driver when you are ready to depart the bus or pull the cord. Board and exit the bus at the designated bus stops.
- Arrive early, at least 10 minutes! Do not risk missing the bus.
- The vehicle is equipped with a lift or a ramp for passengers with wheelchairs or other assistive devices to board and exit the vehicle.
- At no time can a stroller, carts or belongings block the aisle. Passengers using wheelchairs have priority use of the space reserved for wheelchairs.
- Exiting the bus. Please exit the Flex Route bus through the front door.
- This vehicle does not require car seats for children under 80 lbs.
